April 2024

1,2,3 Let's count!

This numeracy workshop reinforces their skills and allows children to explore concepts through games and activities.

Baby parachute fun

Come and explore something new, with some parachute fun for the baby and you while singing songs and rhymes.

Crazy kitchen

A new way to discover how our kitchen tools can be used to create different games.

Having fun with science

A workshop that allows children to learn new scientific experiences while nourishing their natural curiosity.

House committee

Meeting to exchange ideas and suggestions to improve the services offered to families.

J.E.E.P. / C.A.R.: Different fun exercises to do with your baby/child.

Learn through play and Learn through play 24 months and under

Come and have fun with your children while promoting their physical, social, emotional, cognitive and language development. A great opportunity to exchange with other parents and socialize with people from your community.

Literacy day

Children discover the alphabet through fun and interactive activities that stimulate curiosity towards literacy.

Loose parts

Loose parts are materials that can be moved, carried, combined, redesigned, lined up, taken apart and put back together in multiple ways.

Make and take

This children's workshop will let them create a special craft to bring home.

Messy day

It's time to take the paint out and initiate children to different colours!!

Move and grow

Come develop your child's gross motor capabilities through a variety of activities using muscles and motor abilities.

My backpack

Families will choose a backpack which includes activities that stimulate your child's literacy skills, imagination, and creativity.

Nursery rhyme time

Join this workshop of Songs and Rhymes to please your little ones.

Off to school we go

This animation workshop offers continuing support for young children entering kindergarten in creating a partnership between families, school and community. The objective of this workshop is to facilitate the transition to school.

Reading & recipes

Storytelling followed by a recipe.

Sensory fun

Sensory activities that help children learn new sensory experiences while nourishing their natural curiosity.

Watch me grow

This service helps families track their young child's growth and development. It's a developmental screening, assessment, referral, and education service for families of young children from birth up to the age of 6 years old. <https://eohu.ca/en/classes-clinics/watch-me-grow>

Zumbini

Zumbini® is a program that uses original music and movement to promote cognitive, social, fine/gross motor skills, and emotional development from children aged 0–4, In person.

Workshop

April 24 from 9:00 am - 10:00 Introduction to solid foods (English) : Is your baby ready for solid foods? Do you have questions about introducing solids, food allergies or different approaches to weaning? During this virtual workshop hosted by a clinical dietitian, you will learn about complementary feeding and other baby nutrition topics. **Registration required for the Teams link.**
