# March 2023

## **Baby parachute fun**

Come and explore something new, with some parachute fun for baby and you while singing songs and rhymes.

## **Having fun with science**

A workshop that allows children to learn new scientific experiences while nourishing their natural curiosity.

**Healthy snack** A workshop offered by an educator that includes an activity and a healthy snack. It will be followed by a discussion with parents on how to help children become better eaters.

## **House committee**

Meeting to exchange ideas and suggestions to improve the services offered to families.

## **Learn through play and Learn through play – 24 months and under**

Come and have fun with your children while promoting their physical, social, emotional, cognitive and language development. A great opportunity to exchange with other parents and socialize with people from your community.

## **Literacy day**

Children discover the alphabet through fun and interactive activities that stimulate curiosity towards literacy.

## **Loose parts**

Loose parts are materials that can be moved, carried, combined, redesigned, lined up, taken apart and put back together in multiple ways.

## **Make and take**

This children's workshop will let them create a special craft to bring home.

## **Messy day**

It's time to take the paint out and initiate children to different colours!!

## **Move and grow**

Come develop your child's gross motor capabilities through a variety of activities using muscles and motor abilities.

## **Munchkin**

This group workshop offers 3 and 4 year old children the opportunity to acquire the necessary abilities in all aspects of their development.

## **Nursery rhyme time**

Join this workshop of Songs and Rhymes to please your little ones.

## **PedaYoga**

PedaYoga is a method of body techniques designed to promote movement and the concentration of children.

## **Science and construction**

Discover a variety of materials and explore what we can do with them.

## **Sensory fun**

Sensory activities that help children learn new sensory experiences while nourishing their natural curiosity.

## **1,2,3 Let's count!**

This numeracy workshop reinforces their skills and allows children to explore concepts through games and activities.

## **Workshop**

**March 29 from 9:00 to 11:00 am: Introduction to solid foods:** Is your baby ready for solid foods? Do you have questions about introducing solids, food allergies or different approaches to weaning? During this virtual workshop hosted by a clinical dietitian, you will learn about complementary feeding and other baby nutrition topics.
